

AMERICAN PROPERTY CONSULTANTS PRESENTS: NSPIRE INSPECTION PROTOCOL TRAINING SEMINAR STAY REAC READY FOR HUD'S NEW CHANGES

**3-½ DAYS ON: Tuesday, September 22, 2026; Wednesday, September 23, 2026
& Thursday, September 24, 2026 w/optional exam Friday, September 25, 2026**

HUD implemented NSPIRE as of July 1, 2023. Multifamily and HCV NSPIRE REAC inspections began October 1, 2023 with the option for HCV agencies to delay implementation until February 1, 2027. The NSPIRE Inspection changes will ensure that the property's UNITS are in a continuous state of full readiness and compliance. NSPIRE transformed inspections into three inspectable areas: Unit, Inside, and Outside. NSPIRE has 83 life threatening (LT) issues that must be corrected or mitigated in 24 hours. Whether you are Multifamily, Housing Choice Voucher, or Public Housing - NSPIRE inspection protocol follows the same definitions. There are 63 inspection standards that total over 500 pages of inspection information.

APC is the leader when it comes to these **NEW CHANGES**. We have been tracking them since they were first proposed. Get your training from the best and most experienced NSPIRE training company.

HEAR WHAT PEOPLE ARE SAYING ABOUT OUR TRAINING

- Thanks also for your excellent training sessions on UPCS protocol. I am still getting positive feedback from the attendees.
Your training, UPCS inspections, and shadowing all were a big part of our improved scores.
I received unsolicited comments from the staff regarding the effectiveness of the "feet on the ground" training. That really seemed to pull it all together for the group.
I am happy to tell you we are scoring in the 90's so far at 4 of our sites.
All of us thank you for such a great class, 2 days well worth spending time and \$ for.
The BEST seminar class I've ever been too!
The instructor is very hands on and always an email away & I am very thankful for that.
Best Thing Since Sliced Bread! Sharp, Concise & Easy to Understand!
Repeat This Training Yearly! Knowledgeable Instructor Holds Class' Attention!
Very Complete and Detailed! Field-Guide is an Excellent Working Tool!
