## NSPIRE is HERE - ARE YOU NSPIRE'd? – Be REAC Ready for NSPIRE!

HUD implemented NSPIRE as of July 1, 2023. Multifamily and HCV NSPIRE REAC inspections began October 1, 2023 with the option for HCV agencies to delay implementation until October 2025. The NSPIRE Inspection changes will ensure that the property's UNITS are in a continuous state of full readiness and compliance. NSPIRE transformed inspections into three inspectable areas: Unit, Inside, and Outside. NSPIRE has 83 life threatening (LT) issues that must be corrected or mitigated in 24 hours. Whether you are Multifamily, Housing Choice Voucher, or Public Housing - NSPIRE inspection protocol follows the same definitions. There are 63 inspection standards that total over 500 pages of inspection information.

APC is the leader when it comes to these **NEW CHANGES**. We have been tracking them since they were first proposed. Get your training from the best and most experienced NSPIRE training company.

**ATTENDING TODAY CAN IMPROVE YOUR PROPERTIES & SCORES FOR TOMORROW**
