

AMERICAN PROPERTY CONSULTANTS PRESENTS: 2-Day NSPIRE TRAINING SEMINAR STAY REAC READY FOR HUD NSPIRE INSPECTIONS

In-Person: Wednesday, February 19, 2025 & Thursday, February 20, 2025
w/optional virtual exam Friday, February 21, 2025

NSPIRE is HERE - ARE YOU NSPIRE'd? – Be REAC Ready for NSPIRE! HUD implemented NSPIRE as of July 1, 2023. Multifamily and HCV NSPIRE REAC inspections began October 1, 2023 with the option for HCV agencies to delay implementation until October 2024. The NSPIRE Inspection changes will ensure that the property's UNITS are in a continuous state of full readiness and compliance. NSPIRE transformed inspections into three inspectable areas: Unit, Inside, and Outside. NSPIRE has 83 life threatening (LT) issues that must be corrected or mitigated in 24 hours. Whether you are Multifamily, Housing Choice Voucher, or Public Housing - NSPIRE inspection protocol follows the same definitions. There are 63 inspection standards that total over 500 pages of inspection information.

APC is the leader when it comes to these **NEW CHANGES**. We have been tracking them since they were first proposed. Get your training from the best and most experienced NSPIRE training company.

- Thanks also for your excellent training sessions on UPCS protocol. I am still getting positive feedback from the attendees.
• Your training, UPCS inspections, and shadowing all were a big part of our improved scores.
• I received unsolicited comments from the staff regarding the effectiveness of the "feet on the ground" training. That really seemed to pull it all together for the group.
• I am happy to tell you we are scoring in the 90's so far at 4 of our sites.
